

2021-2022 NATURALIZATION CEREMONIES

COVID-19 Update: Cancellation of Naturalization Ceremonies Through February 28, 2022

In order to protect public health, assist in preventing the further spread of COVID-19 by limiting public contact to essential matters, and enforce a measure of social distancing, all naturalization ceremonies through February 28, 2022 have been cancelled. The Court has authorized USCIS in the Eastern District to administer the oaths of citizenship through that office, as an alternative to public hearings/ceremonies at this time.
